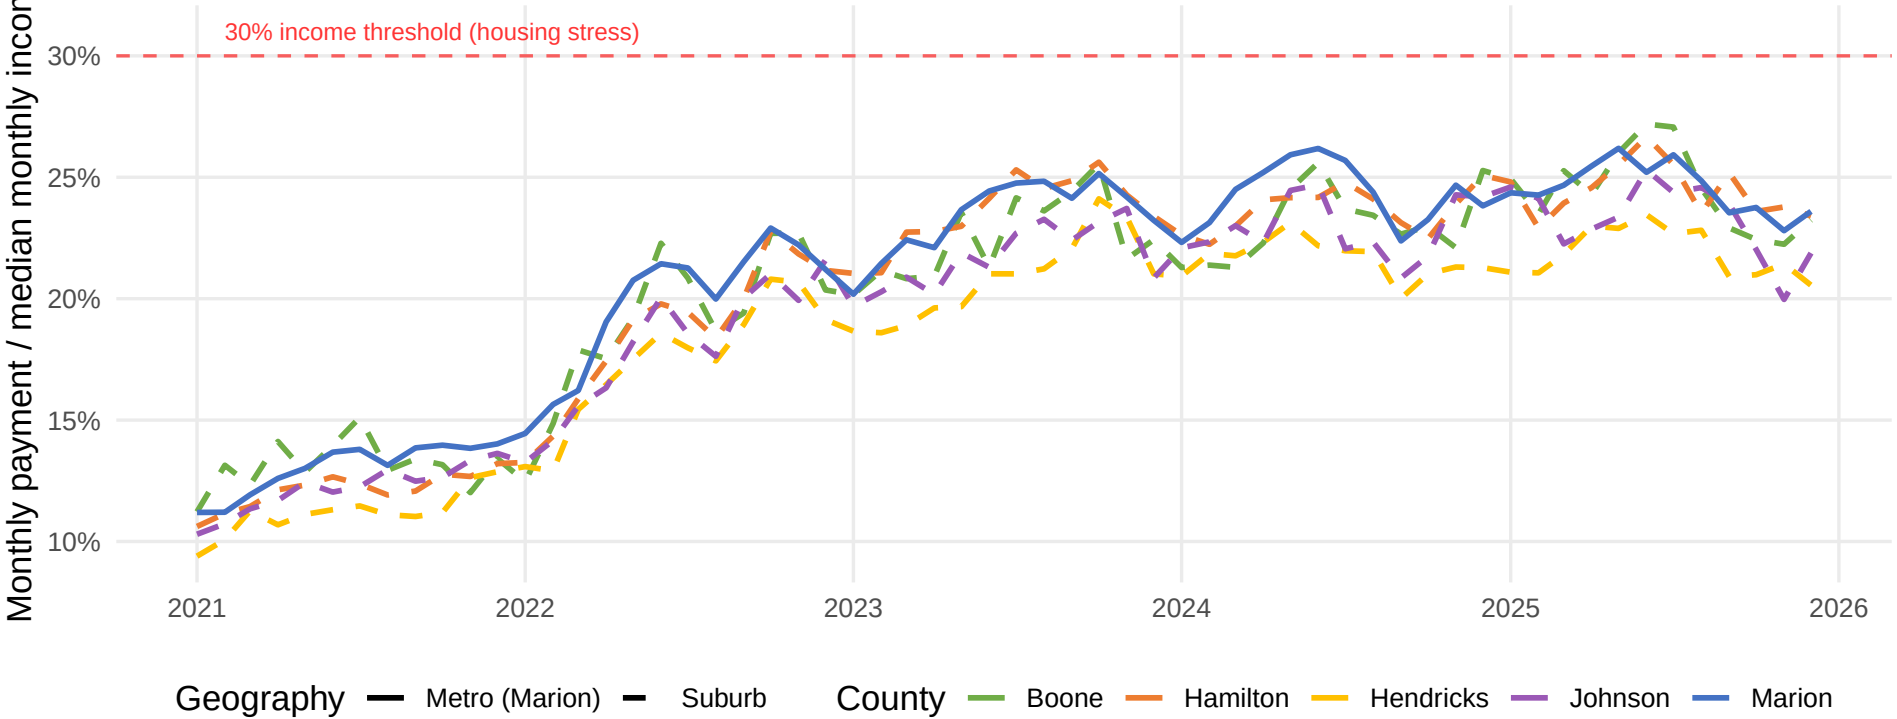
Affordability Ratio: Estimated Mortgage Payment as Share of Median HHI

Two mechanisms, same outcome − Marion via income constraint, suburbs via rate shock



Source: Redfin median sale price, FRED MORTGAGE30US, Census ACS 2023 5−year.
Affordability ratio = estimated 30−yr fixed payment on 80% LTV / median monthly HHI.
Note: ACS income estimates are cross−sectional (2023) applied across all years.
